PEKA PECASA

WILSON & BRADLEY

Wilson & Bradley are proud to present the Peka Pecasa shelving system.

Consisting of a few simple, but highly versatile components that can be combined in an infinite variety of ways, the Pecasa system makes an elegant and practical addition to any room.

The system is built around a central wall profile to which shelves and storage boxes can be attached in a variety of configurations to create personalised furniture solutions.

Pecasa's stylish design and outstanding flexibility make it a winning solution for living areas, offices, bedrooms, wardrobes or hallways.

The Pecasa system has won two prestigious design awards:

reddot award
winner

 ENGINEERED IN SWITZERLAND

PEKA

Peka has been developing and manufacturing pull-outs, accessories and smart interior solutions for the kitchen and furniture industry for over fifty years.

Thanks to their steadfast commitment to finding out exactly what their customers want, their products are always designed to respond to real needs and stand out through their user-friendliness, unparalleled quality and space-saving design.

Their unwavering dedication to producing inventive, space-saving solutions and their resolute refusal to compromise on quality and functionality has made them a global leader in their industry.

Peka remain committed to their high standard; they have developed and manufactured fittings and accessories for kitchens, bathrooms and living spaces at their site in Switzerland since 1964.

SUMMARY

Pecasa is Peka's latest shelving system. It consists of a few simple, but highly versatile components that can be combined in an infinite variety of ways to create custom storage solutions throughout the home.

The system is built around a central wall profile, to which shelves and storage cabinets can be attached in any configuration. It also features a built-in cable tidy so cables from lighting systems, TVs and other devices can be neatly tucked away. The shelves can be fitted with lights and the wall support can be used to mount mirrors or a television.

Even if a room is awkwardly shaped or if its ceilings are high, low or sloped, Pecasa can be adjusted to fit the available space. The flexible modular components – including tabletops, shelves and cabinets – can be attached to the central wall profile in any configuration and repositioned at any height.

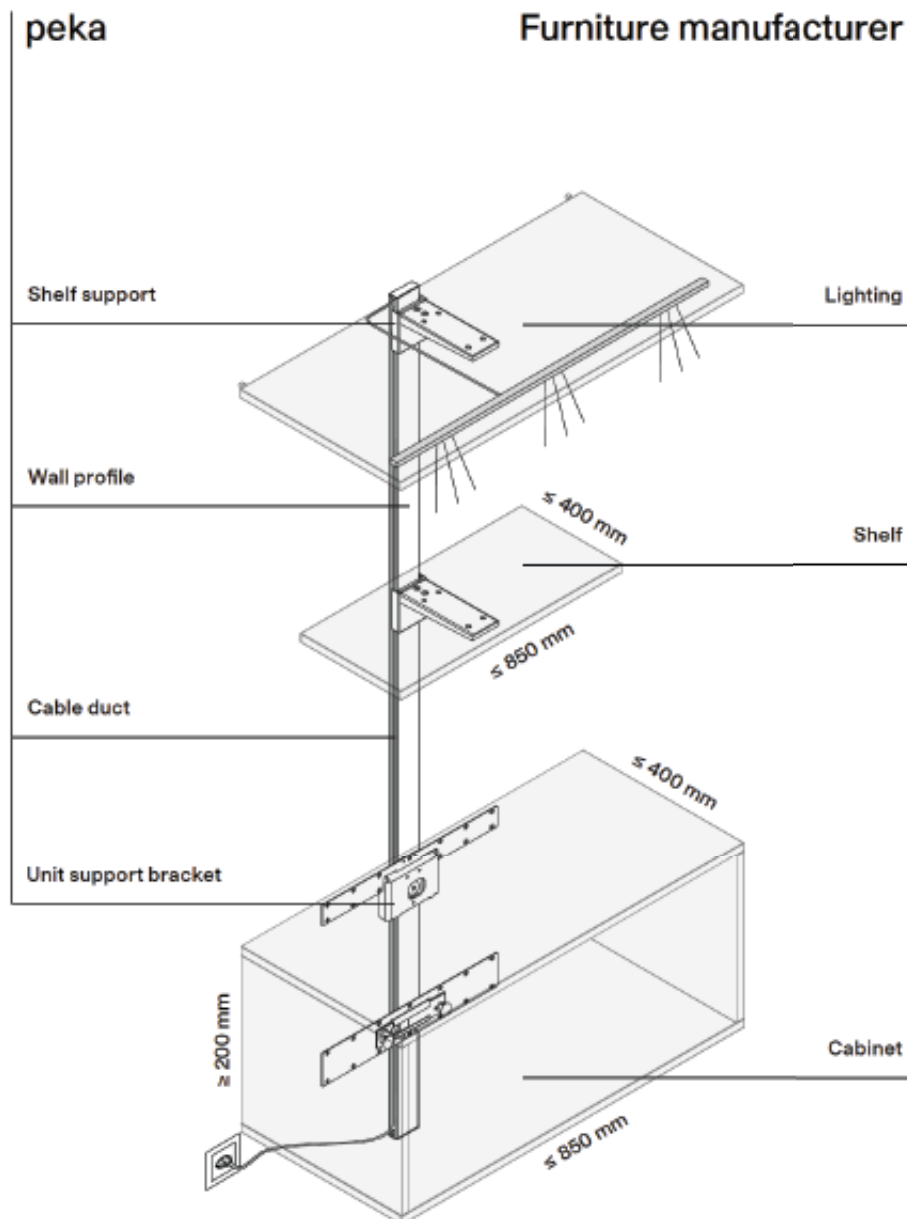

The Pecasa system opens a world of possibilities for furnishing rooms and is both versatile and attractively designed.

HOW THE PECASA SYSTEM WORKS

Pecasa consists of a few simple, but versatile components that can be combined in an infinite variety of ways. Peka supplies a wall profile with a built-in cable duct plus shelf supports, unit support brackets, and metal shelves.

You can then arrange them however you like to create your own personalised furniture solution. You can even add lighting or a TV to your Pecasa system thanks to the cable duct in the side of the wall profile.

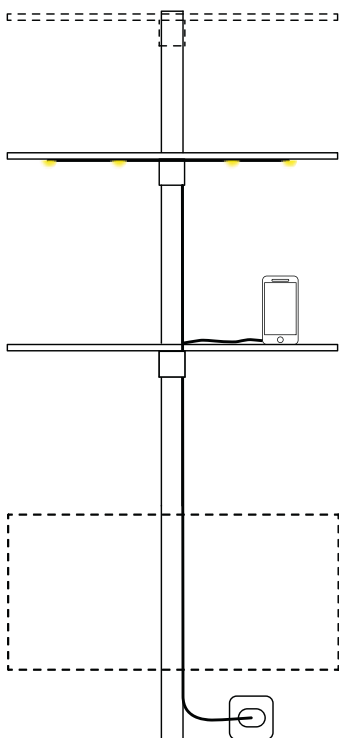

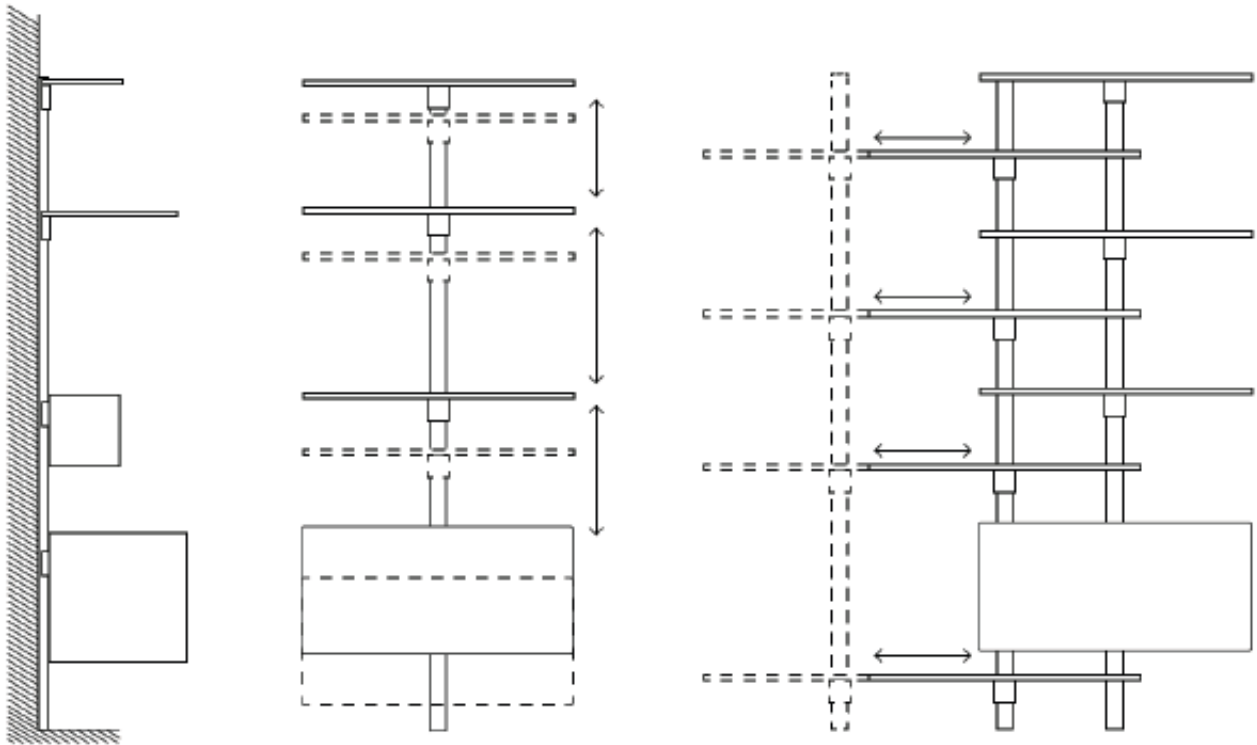

Cabinets Min Height: 200mm
 Cabinets Max Width: 850mm
 Cabinets Max Depth: 400mm

≤ Less than or equal to
 ≥ Greater than or equal to

FLEXIBLE DESIGN

Thanks to its central wall profile, the Pecasa system is highly flexible; its modular components can be moved into any position at any time, be they table tops, shelves, cabinets or other items.

You are free to choose a symmetrical look or an asymmetrical look, use the whole height of the profile or just part of it, or lay out your components in a centred or staggered alignment. The choice is yours!

Shelves and storage boxes can be attached in any configuration the user wants and features a built-in cable tidy so cables from lighting systems, TVs and other devices can be neatly tucked away.

PECASA: LIVING ROOM

The living area: combining comfort with individuality.

If you are looking for a solution that combines comfort and individuality, then Pecasa is the system for you! Choose components in your favourite colours and materials for that personal touch.

Since Pecasa is structured around a central wall profile, you are free to design your living area however you like.

Benefits:

- No matter if your room has lots of recesses, high, low or even sloped ceilings, Pecasa is the perfect fit.
- You can choose components in the colours and materials that best suit your space.
- You can add lighting or a TV to your Pecasa system.
- Thanks to the cable duct in the side of the wall profile the wires will be hidden from view.

or call us on: **1800 633 507**

PECASA: HOME OFFICE

These days, practically every household has a home office.

A home office has to provide space for a range of different needs. It should be a place to live and work, be just as welcoming for kids as for adults and offer ample storage space and a decent work surface.

With Pecasa, shelves, desks and cabinets blend into the room as if they had always been there.

Add a built-in cable duct and smart accessories into the mix, and your home office will be your new favourite place.

Benefits:

- An elegant, practical way to incorporate your office corner into your living area.
- The adjustable components allow you to divide or blend your storage area and workspace however you like.
- Smart cable management for a range of electronic devices or a lighting system.

PECASA: DRESSING ROOM

Whether you have an elegant dressing room or just a corner in the bedroom, Pecasa is a perfect fit.

Your favourite clothes should be stored with care and remain as crease-free as possible.

The Pecasa range includes a whole host of inventive solutions for storing trousers, shoes, blouses, shirts or jewellery in style.

Benefits:

- Trousler rack for fuss-free, crease-free storage.
- Shoe rack for shoes of any height.
- Cabinet with drawers for smaller items of clothing or accessories.
- Components can be positioned at any height, so there is plenty of space for everything.

With Pecasa, nothing could be easier than customising your dressing room to suit your needs. However you wish to store your clothes and accessories – hanging, lying flat or standing up – you are sure to have plenty of space for everything.

PECASA: HALLWAY

Hallways are often narrow, so it is important to make best use of the available space.

At the same time, they play a key role in people's first impressions of your home. A compact, yet classy Pecasa system is the answer.

Hook rails for jackets and coats, cabinets for additional storage and metal shoe racks enable you to save space without compromising on style.

Benefits:

- Save space by fitting a hook rail for hanging jackets and coats.
- Stow shoes and boots neatly on height-adjustable shoe racks.
- The cabinet is a convenient place to leave keys, bags, wallets, gloves or hats.

HALLWAY APPLICATION EXAMPLES

Benefits at a glance

- Save space by fitting a small hook rail for hanging jackets and coats.
- Stow shoes and boots neatly on height-adjustable shoe racks.
- The cabinet is a convenient place to leave keys, wallets, gloves or hats.

HOW TO ORDER THE PEKA PECASA SYSTEM

STEP 1:

Select required wall components

- Wall Profile
- Cable Cover

STEP 2:

Select shelving and cabinet components

- Shelf support: Universal or for glass or wooden shelves
- Glass Mounting Gauge
- Metal Shelf
- Unit Support Bracket

STEP 3:

Select optional accessories

- Universal Bracket
- Magazine/Shoe Rack
- Shelf Support with built in Clothes Rail
- Hook Rails (2 or 3 hooks)
- Trouser Rack (12 or 18 hangers)
- Bookend
- Letter Rack
- Carry Box
- Cable Organiser
- Pen Tray
- Paper Tray

Pecasa Shelf Supports.
Metal shelves come with built-in concealed shelf supports.

ORDER A PECASA KIT:

Alternatively, you may choose to simply purchase a complete Pecasa kit.

See our website for full list of kits, CAD files and further technical information.

Wooden and glass shelves not supplied.

STEP 1: REQUIRED COMPONENTS

These components are required to assemble the Pecasa system in all applications.

WALL PROFILE - STANDARD

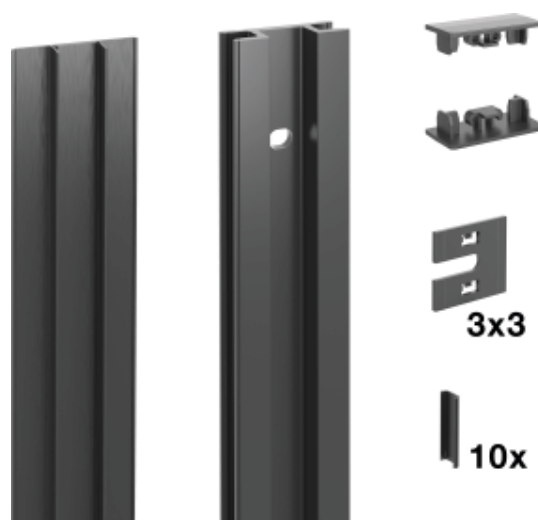

Key Features:

- Comes with a cover profile to hide the fittings
- Set contains: 1 x wall profile (incl. cover profile, 10 x cable clamps, 2 x cover caps (top & bottom), 3 x spacer plates – 1xmm, 3 x spacer plates – 2mm, 3 x spacer plates – 3mm)
- Fittings not included. Fittings must be appropriate for the wall type

Material: Aluminium

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECWP22B	56mm	18.5mm	2200mm
White	PECWP22W	56mm	18.5mm	2200mm

CABLE COVER

Key Features:

- For the Pecasa standard wall profile
- To cover the cables laterally in the cable duct

Material: Silicone

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECCPD22B	7mm	12mm	2200mm
Grey	PECCPD22G	7mm	12mm	2200mm

STEP 2: SHELVING COMPONENTS

SHELF SUPPORT – UNIVERSAL (WOOD COMPOSITE SHELVES)

Key Features:

- To be screwed to wood-composite shelves
- Can be positioned at any height
- Can be retrofitted

Material: Powder-coated sheet steel

Load capacity: Maximum 80kg per shelf support
Load capacity depends on material type and dimensions

Components:

- 1 x shelf support, including clamp
- 2 x cover plates (vertical and horizontal)
- 2 x depth adjustment screws
- Assembly screws

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECUSS20B	70mm	204mm	85mm
White	PECUSS20W	70mm	204mm	85mm

SHELF SUPPORT FOR SOLID WOOD SHELVES

Key Features:

- For solid wood shelves for the Pecasa shelf system
- To be screwed to solid wood shelves
- Can be positioned at any height
- Can be retrofitted

Material: Powder-coated sheet steel
(fine powder structure)

Load capacity: Maximum 80kg per shelf support
Load capacity depends on material type and dimensions

Components:

- 1 x shelf support, including clamp
- 2 x cover plates (vertical and horizontal)
- 2 x depth-adjustment screws
- Assembly screws

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECSWS20B	210mm	204mm	103mm
White	PECSWS20W	210mm	204mm	103mm

SHELVING COMPONENTS

GLASS MOUNTING JIG

Installation jig for glass shelves.

Key Features:

- For gluing glass shelves to the shelf supports

Technical Details

COLOUR	CODE
Silver	PECJM411S

SHELF SUPPORT FOR GLASS SHELVES

Key Features:

- To be glued to glass shelves
- Can be positioned at any height
- Can be retrofitted

Material: Powder-coated sheet steel

Load capacity: 30kg per shelf support

Load capacity depends on glass type and dimensions
Min 8mm glass.

Components:

- 1 x shelf support, including clamp
- 1 x chrome steel adapter plate, ground on the top and coated on the bottom, for gluing to the glass shelf
- 2 x cover plates (vertical and horizontal)
- Assembly screws

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECGSS20B	70mm	204mm	89mm
White	PECGSS20W	70mm	204mm	89mm

SHELVING COMPONENTS

METAL SHELF

Key Features:

- Hidden shelf support built into shelf
- Can be positioned at any height
- Can be retrofitted
- Shelf thickness: 20mm

Material: Powder-coated sheet steel
(fine powder structure)

Load capacity: Maximum 60kg per shelf

Components:

- 1 x metal shelf with built-in clamp
- 1 x vertical cover plate
- 2 x depth-adjustment screws

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECMS525B	550mm	250mm	87mm
White	PECMS525W	550mm	250mm	87mm
Black	PECMS540B	550mm	400mm	87mm
White	PECMS540W	550mm	400mm	87mm
Black	PECS8250B	850mm	250mm	87mm
White	PECS8250W	850mm	250mm	87mm
Black	PECS8400B	850mm	400mm	87mm
White	PECS8400W	850mm	400mm	87mm

Max Shelf Height: 87mm

Max Shelf Width: 850mm

Max Shelf Depth: 400mm

CABINET COMPONENTS

UNIT SUPPORT BRACKET

Key Features:

- For cabinets for the Pecasa shelf system
- To be screwed to concealed unit backs (unit height.> 220mm)
- Including horizontal angle adjuster
- Can be positioned at any height
- Can be retrofitted

Material: Powder-coated sheet steel

Load capacity: Depends on material type and dimensions

Components:

- 1 x clamp
- 2 x unit supports (top and bottom)
- 2 x depth adjustment screws
- Assembly screws

Dimensions:

	Max depth	Max load capacity
Use cabinet	400mm	120kg
Use desk	570mm	75kg

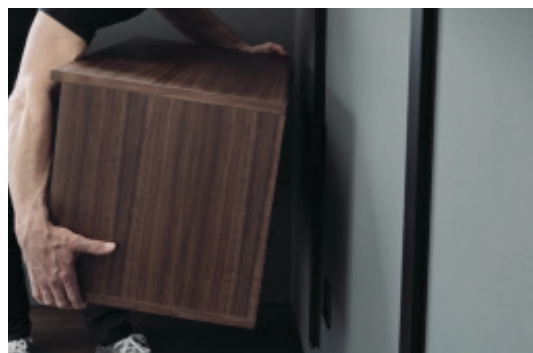

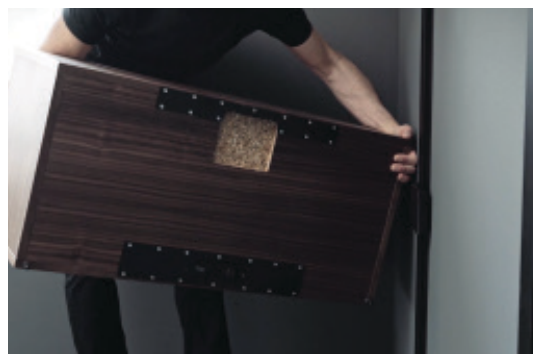

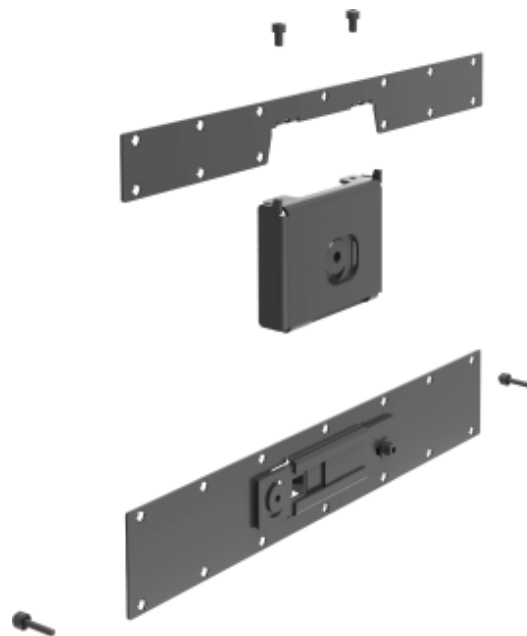

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECCS434B	434mm	28mm	190mm

Cabinets Min Height: 200mm

Cabinets Max Width: 850mm

Cabinets Max Depth: 400mm

STEP 3: OPTIONAL ACCESSORIES

UNIVERSAL BRACKET

Once attached to the wall mount, TV's, screens, mirrors and more can be taken in and out of the system easily. The wall mount can be screwed or stuck in place.

Key Features:

- Can be positioned at any height
- Can be retrofitted

Material: Powder-coated sheet steel

Load capacity: Maximum 25kg

Components:

- 1 x clamp
- 1 x universal wall mount with holes positioned according to the VESA mounting standards

Suggested Room Application:

Home office & living room

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECSMUB2B	220mm	25mm	226mm

OPTIONAL ACCESSORIES

MAGAZINE/SHOE RACK

Key Features:

- Can be fitted with the rack tilted downwards or upwards
- Rack tilted downwards: for shoes and magazines
- Rack tilted upwards: for shoes
- Hidden shelf support built into shelf
- Can be positioned at any height
- Can be retrofitted

Material: Powder-coated steel sheet
(Fine powder structure)

Load capacity: Maximum 8kg per shelf

Components:

- 1 x shelf with built-in clamp
- 1 x cover plate

Suggested Room Application:

Wardrobe, hallway, living room, reception

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECMSR55B	550mm	318mm	130mm
White	PECMSR55W	550mm	318mm	130mm
Black	PECMSR85B	850mm	318mm	130mm
White	PECMSR85W	850mm	318mm	130mm

OPTIONAL ACCESSORIES

SHELF SUPPORT WITH BUILT-IN CLOTHES RAIL

Key Features:

- To be screwed to wood-composite shelves
- Compatible with all standard clothes hangers
- Can be positioned at any height
- Can be retrofitted
- Total load capacity depends on material type and dimensions of shelf
- Shelf depth: 250mm
- Shelf width: 550 – 850mm

Material: Powder-coated sheet steel

Load capacity: Maximum 80kg per shelf support

Load capacity

of clothes rail: Maximum 34kg

Total load capacity depends on material type and dimensions of shelf

Components:

- 1 x shelf support, including clamp with built-in clothes rail
- 2 x cover plates (vertical and horizontal)
- 2 x end caps (clothes rail can be cut to the desired length)
- 2 x depth adjustment screws
- Assembly screws

Suggested Room Application:

Wardrobe and hallway

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECSSC55B	550mm	308mm	114mm
White	PECSSC55W	550mm	308mm	114mm
Black	PECSSC85B	850mm	308mm	114mm
White	PECSSC85W	850mm	308mm	114mm

OPTIONAL ACCESSORIES

HOOK RAILS

Key Features:

- For attaching to shelves for the Pecasa shelf system
- For wood shelves: screw in place from behind
- For glass or metal shelves: stick in place from above
- Available with either 2 or 3 fixed hooks

Load capacity: Load capacity: 6kg per hook

Total load capacity of shelf: Depends on material type and dimensions of shelf

Material: Powder-coated sheet steel
(fine powder structure)

Suggested Room Application:

Wardrobe and hallway

HOOK RAIL WITH 2 HOOKS

Components:

- 1 x hook rail with 2 hooks
- 2 x pieces of double-sided adhesive tape for sticking the rail to glass or metal shelves

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECHR211B	144mm	39mm	64mm
White	PECHR211W	144mm	39mm	64mm

HOOK RAIL WITH 3 HOOKS

Components:

- 1 x hook rail with 3 hooks
- 2 x pieces of double-sided adhesive tape for sticking the rail to glass or metal shelves

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECHR321B	216mm	39mm	64mm
White	PECHR321W	216mm	39mm	64mm

OPTIONAL ACCESSORIES

TROUSER RACK

The Pecasa specifically designed trouser rack and hangers keep trousers from creasing. The metal profile can easily be screwed onto the bottom of a Pecasa shelf and has a stopper on the end to prevent hangers from sliding off.

Key Features:

- For screwing to wooden shelves
- Maximum load capacity of trouser rack profile: 34kg
- Total load capacity of shelf depends on the material type and dimensions of the shelf
- Maximum 80kg per shelf support
- Available with either 12 or 18 hangers

Material:

- Powder-coated sheet steel (fine powder structure)

Suggested Room Application:

Wardrobe

TROUSER RACK - 12 HANGERS

Dimensions: Shelf depth: 300mm. Shelf width: 550mm

Components:

- 1 x profile for hangers and 12 hangers
- Assembly screws

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECTR500B	500mm	80mm	51mm
White	PECTR500W	500mm	80mm	51mm

TROUSER RACK - 18 HANGERS

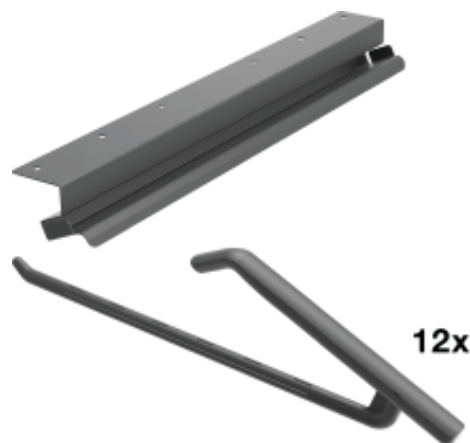

Dimensions: Shelf depth: 300mm. Shelf width: 850mm

Components:

- 1 x profile for hangers and 18 hangers
- Assembly screws

Technical Details

COLOUR	CODE	WIDTH	DEPTH	HEIGHT
Black	PECTR800B	800mm	80mm	51mm
White	PECTR800W	800mm	80mm	51mm

OPTIONAL ACCESSORIES:

BOOKEND

Freestanding divider or support for books.

Material: Powder-coated sheet steel

Technical Details

PECASA: COMMERCIAL

The Pecasa system is so versatile that it can also be used in commercial settings.

It is ideal for vibrant shop fitting applications where shelves can be easily adapted to suit seasonal changes in inventory.

It can also be customised to suit the requirements of a reception or waiting room where space is important while at the same time providing a stylish and practical way to display magazines and newspapers.

Benefits:

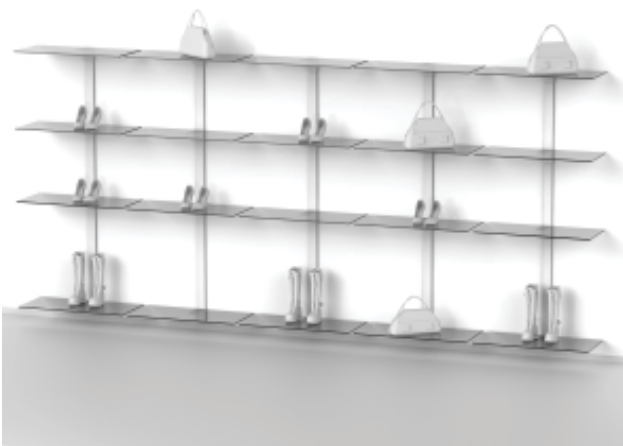

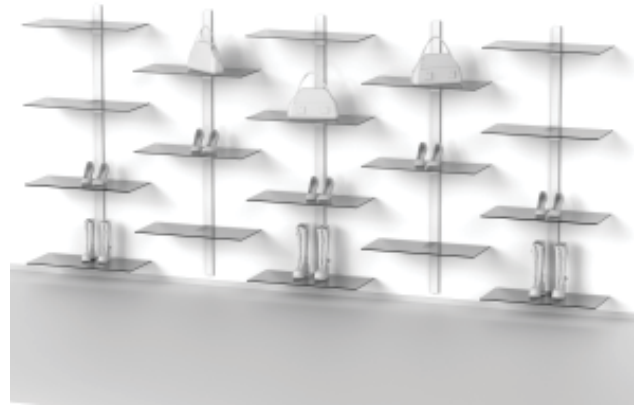

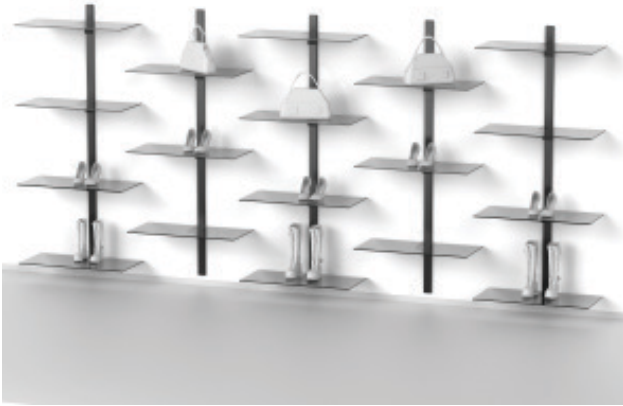

- The components positions can be easily altered without the need of a tradesman or shopfitter.
- Shelving and hanging positions can be easily adjusted as needed, to suit the products being displayed.
- The location of the display can be changed simply and easily.
- You can choose components in a variety of colours and materials to add style and function to your displays.

To view the full range of kits, application ideas, CAD data and further technical details visit our website at:

www.wilbrad.com.au

or call us on: **1800 633 507**

ALTERNATIVE APPLICATIONS

MODIFY & ADAPT YOUR PECASA

The Pecasa is a multi-purpose system that is extremely versatile and adaptable to suit many different living environments.

It can be customised to provide storage solutions in almost every room in the home and can easily be adapted for commercial applications.

With the ability to easily adapt to any space this system comprises of quality components that provide an elegant finish.

Not only can you reposition shelves and cabinets simply and easily, but you can conveniently add to or take away components to suit every changing demand of your household or business.

You can even move the Pecasa to another room or setting as your situation changes.

Benefits:

- Fully customise your space, no matter how big or small.
- Shelves and cabinets can be repositioned quickly and easily.
- Can easily add components to increase the size and functionality and create a new distinctive look.
- Can easily take away components to decrease the size and functionality and create a new distinctive look.

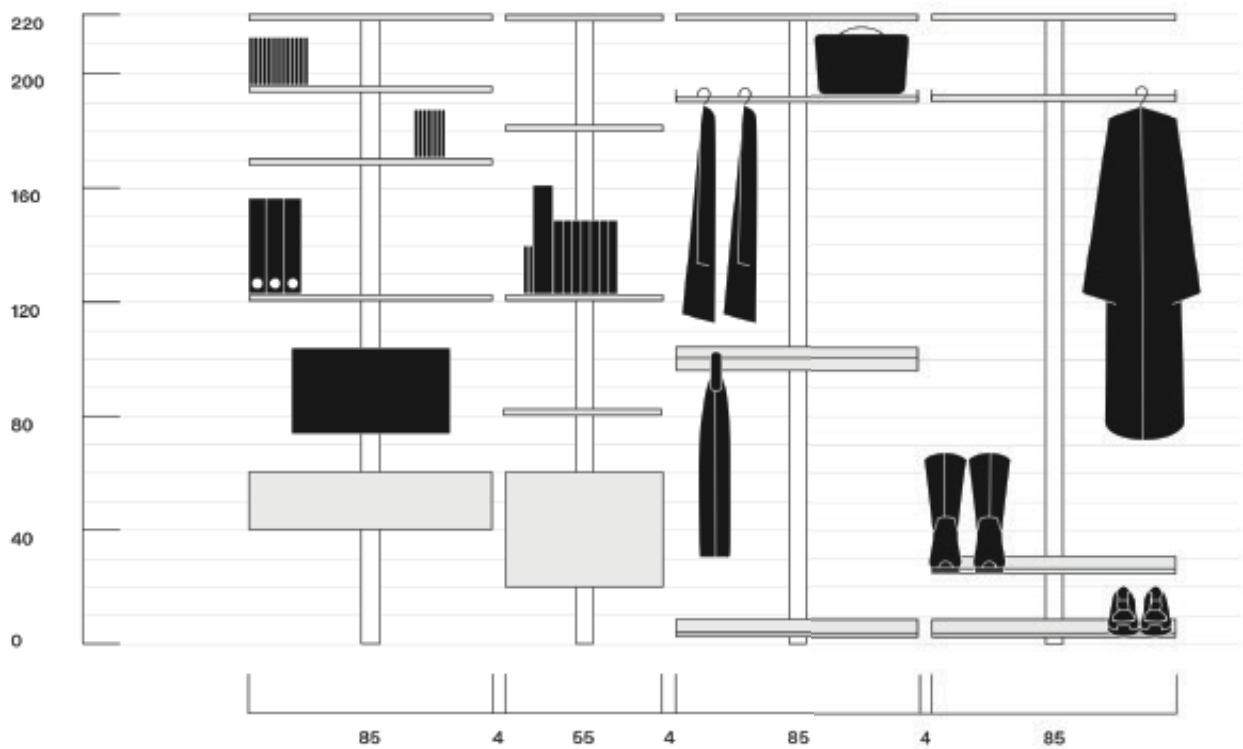

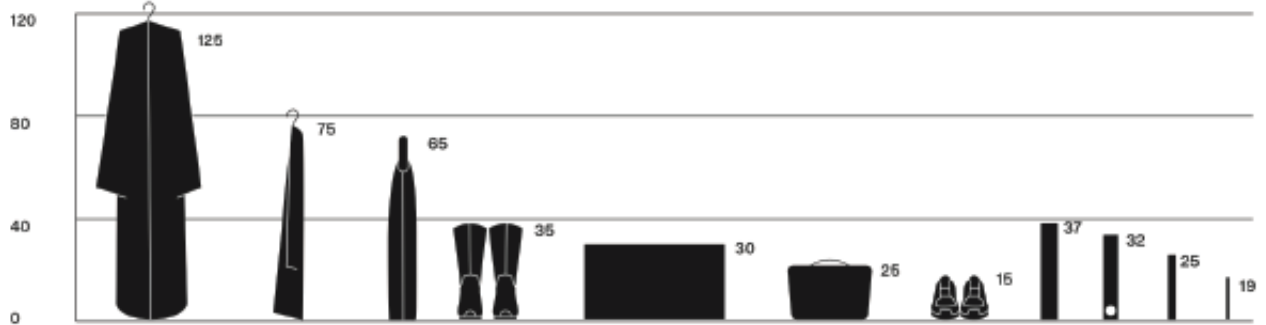

USAGE EXAMPLES

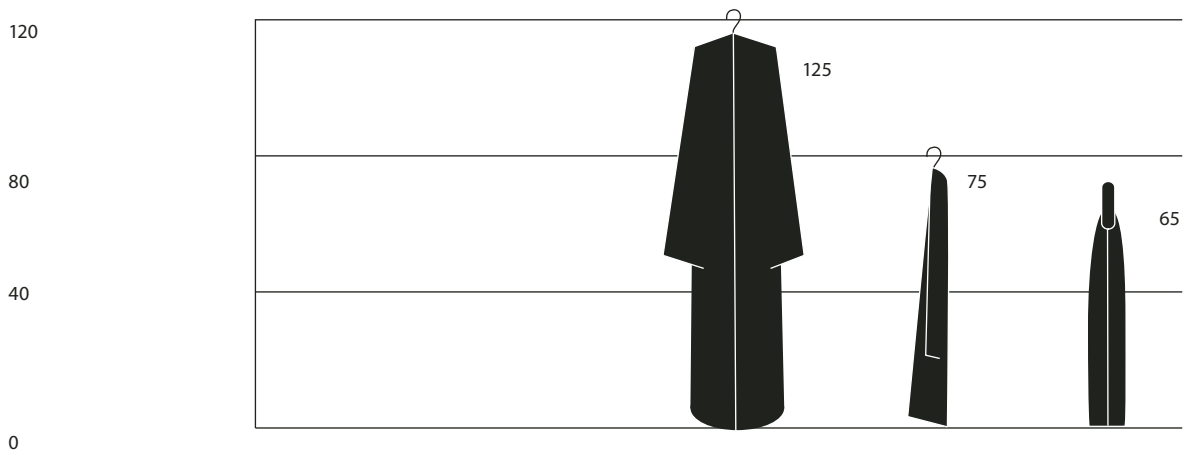

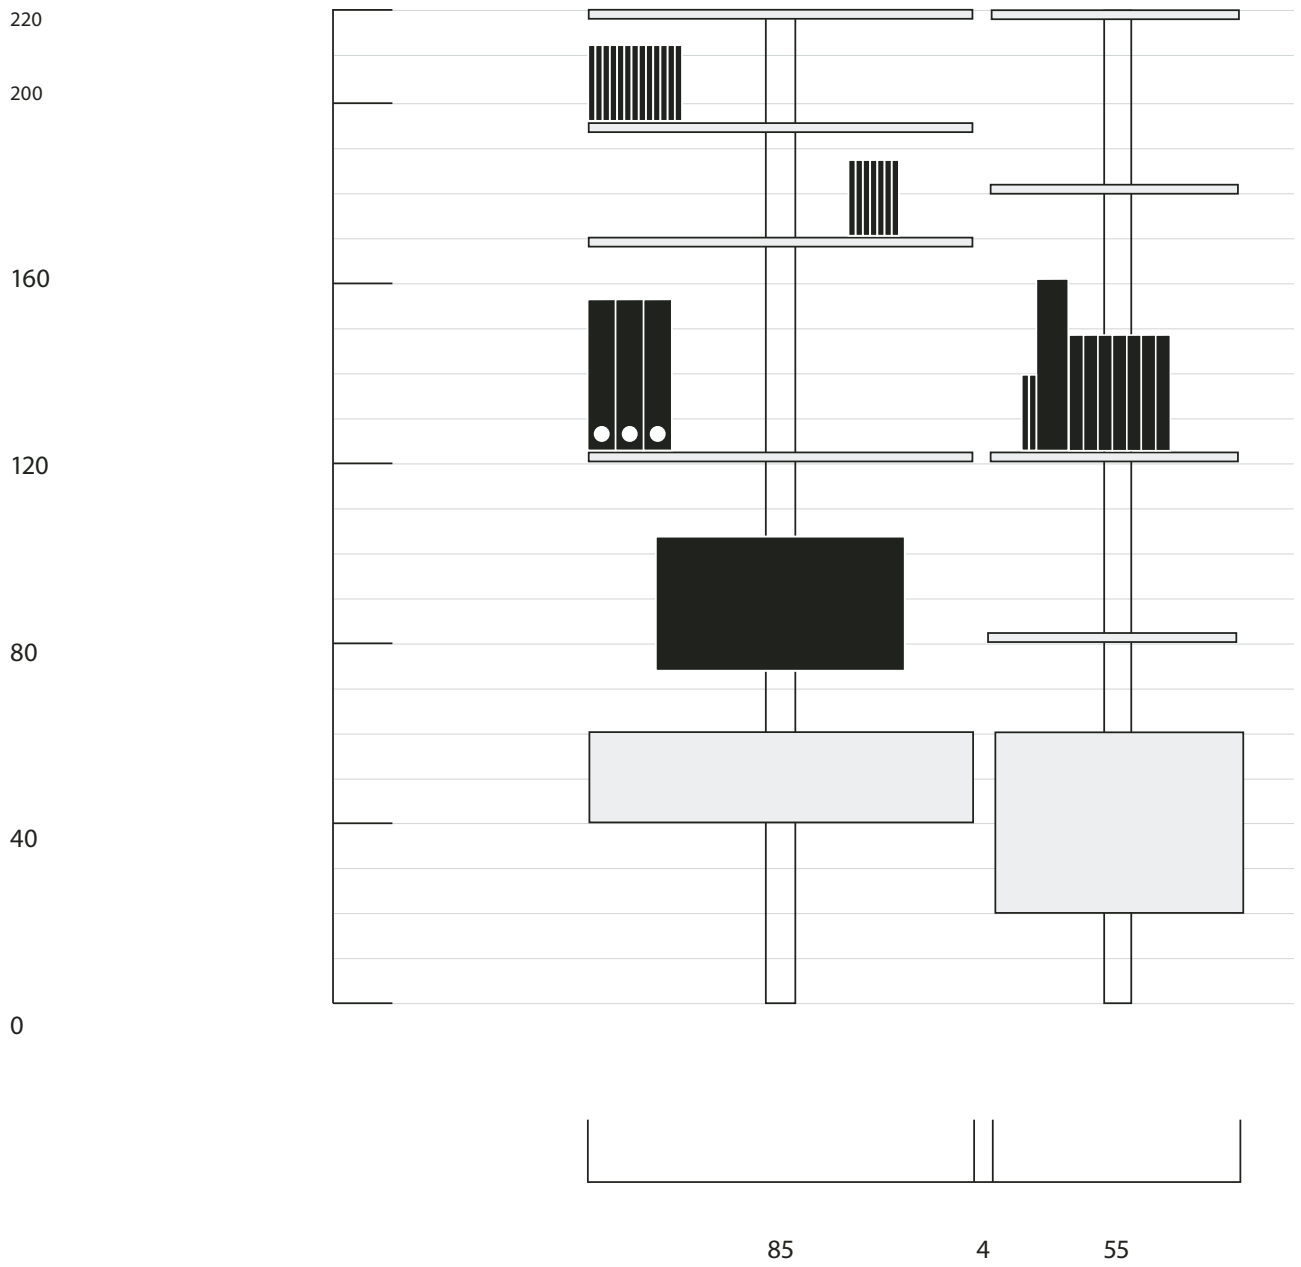

PECASA PLANNING GUIDE

Since Pecasa is tailored to suit your needs, every Pecasa shelf system is unique.

These guides will help you plan the design of your system.
