alifrost® doors

alifrost® aluminium framed doors and panels are available in 10 designer frames with 30 genuine Perspex®, 3D Gloss acrylic, glass and alimesh® inserts

Alifrost® is a range of aluminium framed Perspex®, 3D gloss acrylic, glass & AliMesh® doors & panels that give a superior appearance without the design limitations, installation, weight, safety and colour restrictions of traditional cabinet doors.

With an exclusive range of European designed frames, combined with the latest decorative insert colours, **alifrost®** offers a modern look at a cost effective price.

Alifrost® offer designer appeal, the confidence of a **10 year guarantee***, applicable on all genuine Perspex® grade inserts and numerous practical **advantages...**

HIGH GLOSS FINISH: When supplied with Perspex® or new 3D gloss acrylic inserts, alifrost® doors offer an ultra high (glass like) gloss appearance.

PRACTICAL: Alifrost® doors are easy to look after and will not chip like paint. When supplied with a Perspex® Frost insert, alifrost® doors have a unique 'anti fingermark' finish which reduces the need for cleaning.

HYGIENIC: When inserted with Perspex® & 3D gloss acrylic, Alifrost® doors are ultra hygienic making them ideal for food preparation areas like kitchens.

SAFETY: Alifrost® doors with Perspex® inserts offer superior impact resistance over glass and will not shatter into potentially harmful sharp particles.

LONGEVITY: Alifrost® doors with Perspex® inserts are half the weight of glass doors, making them much easier to use. Their light weight puts less stress on hardware components and makes larger doors practical.

QUALITY: Alifrost® doors are made to strict quality standards. A **10 year guarantee*** is also applicable on all genuine Perspex® grade inserts.

RECYCLABLE: Alifrost® cares for the environment. In all parts of its' operations, alifrost® takes its' responsibility to the environment very seriously. The two main components of an alifrost® door, aluminium and Perspex®, are both fully recyclable.

< 6x45 Box PS /
Clear Anodised 00001

Alifrost® doors with AliMesh® inserts are ideal for audio visual equipment cabinets where air circulation is required to prevent over heating.

It's also a great solution for use as speaker covers.

< Slimline 55 /
Vanilla 82880

Alifrost® doors with Perspex® inserts are half the weight of traditional cabinet doors making them ideal for weight sensitive applications such as **caravans.**

▲ 19 Square / Polar White S2030

alifrost® applications

From **kitchens** to **alfresco** areas and everything in between, alifrost® framed doors & panels are as **versatile** as they are beautiful.

Some typical applications for alifrost®;

1. Kitchen / bathroom doors, drawers & lift up panels
2. Entertainment units – Did you know, that a remote control will work through most Perspex® inserts*?
3. Speaker covers – alimesh® inserts only 
4. Caravans – light weight, reduces costs
5. Large sliding panels and room dividers – light weight reduces costs and increases functionality
6. Outdoor applications i.e. Alfresco kitchens – Perspex® is guaranteed for 10 years in exterior applications such as alifrost® doors.*
